

BK2-VT-SS

OK-VISE CLAMPS, SINGLE WEDGE / SMOOTH JAWS

[Body/Jaw]

Material : SUS416 stainless steel

Hardness: Rc48-52

[Spring]

Material : SUS302 stainless steel

[Retaining Plate]

Material : SUS301 stainless steel

Part Number	A		B	C	D	E	F	G	
	Min.	Max.						When "A" is max.	When "A" is min.
BK2-VT-SS	27	31	29	15	21	2.5	1	4	10

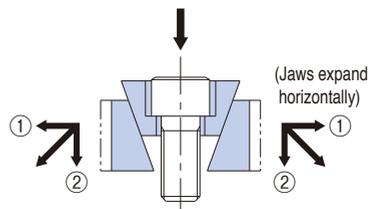

Part Number	H		Socket-Head Cap Screw		Clamping Force (N)	Allowable Screw Torque (N·m)	Weight (g)
	T-Slot Mounting	Tapped-Hole Mounting	T-Slot Mounting	Tapped-Hole Mounting			
BK2-VT-SS	16	16	M8-20L	M8-20L	15,000	26	55

Features:

The wedge construction allows easily exerting high clamping force just with turns of a hex wrench. Fastening with one bolt makes these clamps ideal for quick setup and part changes.

Application Example

Refer to the "Application Examples" page.

- ① Horizontal pressure against parts
- ② Vertical pressure preventing part lift
